

INDEX.

The asterisk (*) refers to duplicated pages in issue of November 1st.

- Abdominal; section for pyosalpinx, 204; cavity, dangerous results of, 701.
 Abnormality of diaphragm, 137.
 Abortion; cleansing the uterus after, 220; suspected, 710.
 Abscess; mammary, 32; cavities, drainage of, 71; pulmonary, 343; pleuritic, 373; of brain, 414; scrotal, 676; subscapular, case of, 687.
 Abscesses; cold treatment of, 488; micrococci in, 590.
 Absorption, power of, 563.
 Abuse of medicines, 238.
 Accident, an unusual, 111.
 Accidental cure of stricture, 641.
 Ache-tooth, cinnamon-bark for, 80.
 Achilles millefolium in, 44.
 Acid; carbolic, 43; injection for piles, 78; plea for, 309; hydrobromic, 123; sclerotinic, in epilepsy, 163; hyperosmic, in neuralgia, 247; hyponitrous, remedy in cholera, 248; osmic, in epilepsy, 276; hydriodic, in, 295; salicylic, on respiration, influence of, 485*; formic, a germicide, 533; hydrofluoric in, 598; phenic in, 664.
 Acne; in fibre-dressers, 155; rosacea, treatment of, 332.
 Acute; alcoholism, diagnosis of, 184; traumatic malignancy, 242; inflammation, 268; laryngeal catarrh, 301; traumatic malignancy, 321; urticaria, treatment of, 361; infectious diseases, treatment of, 378; pneumonia, 407; vomiting, 484; disease, diagnosis in, 603; painful paraplegia, 694; Bright's disease, 711.
 Adenoma; of liver, 79; cystic-papillary, of neck, 678.
 Adipose diarrhœa, 745.
 Adonis vernalis and caffeine, 412.
 Adulteration; detection of, 194; of food, 617.
 Affection, peculiar, of finger-tips, 693.
 Affections, malignant, 524.
 Albumen, tests for, 219, 587.
 Albuminuria; hepatic, 332; causes, pathology, and treatment of, 353; in urine, 383; of pregnancy, cause of, 442.
 Alcohol, 691; destructive effects of, 337; as medicine, 669.
 Alcoholic; paralysis, 379; beverages, physical, 582; paralysis, pathology of, 662; injections in, 663.
 Alcoholism; pathology of, 50; acute, diagnosis of, 184; in, 356; phosphates in, 472.
 Aigid collapse, 247.
 Alimentation, rectal feeding and, 301.
 Alkalinity of stomach, 80.
 Alkaloids, micro-organisms and, 602.
 Alopecia, 361; areata, case of, 250.
 Alvelos, new cure for cancer, 43.
 Amaurosis, uræmic, 222.
 Amblyopia, tobacco, 136.
 American medical colleges, 327.
 Ammonia; picrate, in, 53; a prophylactic against cholera, 222.
 Ammonium; bromide of, 22; bromide, in treatment of, 361.
 Amputation; Syme's, modification of, 22; arrest of primary hemorrhage after, 329; of penis, 442.
 Amyl; capsules, nitrite, substitute for, 51; nitrite of, 190, 725.
 Anæmia; pernicious, 236; cerebral, or, 426.
 Anæmic diseases, pathology of, 652.
 Anæsthesia; local, by, 590; chloroform, 599.
 Anæsthetic, 110; new local, 525, 528, 579.
 Anal fissure treated without operation, 488.
 Anatomy, metrical, 283.
 Anchylosis of knee, 676.
 Aneurism; ligate an artery for, 83; of left ventricle, 236.
 Aneurisms, remarks on, 459.
 Angina, diphtheritic, treatment of, 565; diet in, 734.
 Animals; painless death for, 190; lower, cholera in, 471; diseases of, 539.
 Anodyne, resorcin an, 192.
 Anosmia, temporary, 250.
 Anthracis bacillus, 493.
 Anthrax, 160.
 Antidote in strychnia poisoning, 725.
 Antimony in clothing, 27.
 Antipyretic; new, method, 191; treatment of, 378; treatment of wounds, 416; new, 560; decoctum limoni an, 568; lemon juice as, 600.
 Antipyrin, 129, 244; its exanthem, 658.
 Antiseptic; precautions, 221; Lister's treatment, 348; treatment of, 378, 406; dressings, how to prepare, 461; inhalations, 472; life, the great, 479; method, application of, 565; new, 663.
 Antiseptics, use of, 324.
 Anti-vaccination experience, 306.
 Antrum, mucoid or puruloid engorgement of, 424.
 Anus; dilatation for fissure of, 51; dangers of operations about, 709.
 Aperients in scarlatina, use of, 333.
 Aphasia complicated with chorea, 485; pathology of sensory, 741.
 Aphonia, hysterical, seat of, 102.
 Appendix, vermiform, perforation of, 456.
 Apoplexy, 201, 234.

- Arabum, elephantiasis, 334.
 Areata, alopecia, case of, 250.
 Arm, fractures of, 547.
 Armamentarium, our, 169.
 Arsenic; in gastric ulcer, 133; treatment of phthisis with, 629.
 Artery; for aneurism, what caused Hunter to ligate, 83; main, ligature of, 726.
 Arteries; torsion of, 357; syphilitic, curability of, 728.
 Arthritis, rheumatoid, 273.
 Ascites, idiopathic, 161.
 Asiatic cholera, 297; prevention of, 573, 609.
 Assemblies, public, panics in, 666.
 Astragalus, excision, 238.
 Asylums, lunatic, commitments to, 243.
 Atresia vaginæ, with retention of menses, 650.
 Atropine, salicylate of, 472.
 Atrophy; idiopathic, of skin, 331; unilateral, 692; of optic nerves, 725.
 Authority, dictum of, 81.
 Avena sativa, 635.
 Axilla, retention of hair in, 216.
 Bacilli; tubercle in, 105, 331; Koch's staining of, 210.
 Bacillus; anthracis, 493; typhoid fever, 493; of tubercle, 494; of malignant œdema, 494; of tuberculosis, 591.
 Bacteria; in intestines, 329; affecting milk, 539.
 Bacterial urethritis, 250.
 Bandage, sodium, silicate of, 619.
 Baths; cold, treatment by, 440; of mud, 652.
 Bee-sting, peculiar results of, 633.
 Beef, our supply, 421.
 Beetles in stomach, 746.
 Berlin polyclinic, 83.
 Biology, new school of, 722.
 Bismuth, subnitrate of, 22.
 Black tongue, 19.
 Bladder; male, papilloma of, 50; stone in, 98; inverted, 291; primary cancer of, 304; irritable, 709; lead-pencil from, 729.
 Bleed a pregnant woman, when to, 485.
 Bleorrhagia, acute, 108.
 Blindness; temporary, 250; due to, 632.
 Blood; poisoning 600; corpuscles, researches on, 652.
 Body; impeachment of, 257; temperature, evening rise of, 480.
 Bodies, dehydration of, 696.
 Boils, more about, 417.
 Bone; lesions, muscular paralysis with, 121; denuded of, 334.
 Bones, cranial, of fœtus, 435.
 Blood corpuscles; by malaria, changes in, 447; examination of, 603.
 Boils, 277.
 Borate of quinine, 158, 306.
 Bottle in rectum, 358.
 Bouton de gâssa, 556.
 Bovine tuberculosis, transmissibility of, 248.
 Brain; drainage of abscess cavities in, 71; tumor of, 119; epilepsy in, 162; abscess of, 414; concussion, defective vision from, 568.
 Breast, sarcoma of, 519.
 Breathing, hysterical or nervous, 159.
 Bright's disease, 103; treatment of, 433; dyspnoea in, 486, 599; acute, 711.
 Bromate, potassium, 727.
 Bromide; of ammonium, 22; of sodium, 600.
 Bronchial gangrene, 218.
 Bronchitis treated, 406.
 Bronchus, left, coal in, 634.
 Broncho-pneumonia, pathology of, 637, 647.
 Bronchocele, hydrofluoric acid in, 598.
 Bulbar; excito-motor epilepsy, 425; epilepsy, differences between, 427.
 Bullets, localizing, 183.
 Burns, treatment of, 359, 598.
 Cæcum, excision of, 664.
 Cæsarian operation after Porro, 633.
 Caffein; in diseases of heart, 130; and adonia ventralis, 412.
 Calabash, tree fruit, 470.
 Calculi, multiple, 137.
 Calculus; 249, 335; vesical, removal of, 599.
 Calomel; in diphtheria, 106, 728; in croup, 106; in chronic ulcer, 634.
 Canary, scarlet fever in, 469.
 Cancer; alveoli, new cure for, 43; epithelial, treatment of, 52; primary, of bladder, 304; hæmaturia in, 330; etiology of 333; of stomach, diagnosis of, 477; cauliflower, of uterus, 517; or gastric ulcer, 538; of male urethra, 631.
 Cannibalism, 326.
 Canned goods; alleged poisonous character of, 382; dangers in, 570.
 Capsular, intra, fracture, 472.
 Carbolic acid; death from, 52; injections of, 78, 128, 664; treatment, 217; plea for, 309; large doses of, 413.
 Carcinoma; of cervix uteri, 260; of larynx, 290.
 Cardiac disease, insanity and, 52.
 Caries, dental, in Normandy, 307.
 Case of homicide, 330; elephantiasis arabum, 334; poisoning from, 409*; hermaphroditism, 516; gastric ulcer, 538; fruhjahr-catarrh, 546, 554; extra-peritoneal rupture, 557; ovariectomy, 701; headache, 729.
 Castration of women, 159.
 Catarrh; acute laryngeal, 301; fruhjahr, case of, 546, 554; diarrhoea or intestinal, 719.
 Catarrhal ophthalmia, 576.
 Catheters and self-catheterism, 220.
 Catheterism, self, and catheters, 220.
 Cattle, typhoid fever from, 698.
 Cauliflower; cancer of uterus, 517; excrescence of, 554.
 Causation of labor, 688.
 Causes of death, 351; pathology, and treatment of albuminuria, 353.
 Caustic-holders, improvement in, 418.
 Cautery, actual, 126.
 Cavities, pulmonary, operative opening of, 413.
 Centenarians, reputed, 381.
 Century, worth living, 484.
 Cerebral; physiology, 13; anæmia, 426; circulation, influence of.
 Cerebro-spinal meningitis, 232.
 Cervical, upper, spina bifida in, 53.
 Cervix; lacerated, 222; uteri, laceration of, 554.
 Chancre of tonsil, 78.
 Chemistry of wines, 185.
 Chicken cholera, bacillus of, 539.
 Child, female, lithotomy in, 487.
 Children; comedones in, 11; diarrhoea in, 14,

- 437; symptoms in diseases of, 46; ephemeral high fevers in, 162; summer diseases of, 404; antipyretic treatment of wounds in, 416; throat, instrument for penciling, 488; respiratory tract in, 565; dose of potassium iodide for, 567; pleasant quinine mixture for, 633.
- Childhood, alcoholism in, 356.
- Chloroform; not a ténifuge, 53; syncope treated by reversing, 77; for tape worm, 471; anaesthesia, 599.
- Cholecystotomy, 153, 624.
- Cholera, 49; infantum, 132, 350; treatment of, 163, 183, 193, 261, 322, 333, 358, 473*, 568; by rail, transmission of, 166; British commission, 195; ipecacuanha in treatment of, 211; ammonia a prophylactic against, 232; Berlin physicians and, 223; hyponitrous acid, remedy in, 248; French theories on, 281; Asiatic, 297; prevention of, 573, 609; theories of, 406; knowledge of, imperfect, 428; in Toulon, treatment of, 465; in lower animals, 471; and syphilis, 488; microbe of, 492; bacillus, 494; at Paris, 562; German precautions, 626; Ricord, on contagion of, 665; guarding against, 731.
- Choleraic alvine discharges, poisons in, 72.
- Chloride, ferric, 23.
- Chorea? is fright an essential pathogenic element in, 225; as a complication of pleurisy, 246; aphasia complicated with, 485.
- Choroidal disease, relations to, 113, 145, 150.
- Chronic; mercurial poisoning, 22; blennorrhagia, 108; inversion of uterus, 175; nephritis, case of, 358; urticaria, treatment of, 361; secondary glaucoma, 470*; diseases, treatment of, 509, 541; indigestion, treatment of, 702.
- Cigarette smoking, 727.
- Cinnamon bark, 80.
- Clavicle, fracture of, 206.
- Cleansing the uterus after abortion, 220.
- Clinical; phenomena following, 93; observation, 270.
- Clitoris, extirpation of, 107.
- Clothing, antimony in, 27.
- Coal in left bronchus, 634.
- Cobra bite, recovery, 111.
- Cocaine; hydrochlorate, 525, 590; muriate of, 526, 528, 530, 579, 693, 727, 728.
- Cockle-burr in windpipe, 470.
- Codeia jelly and glycerine, 20.
- Coitus, preventing, 475.
- Cold; ablutions of feet for, 249; treatment of neuralgia, 358; baths, treatment of puerperal fever by, 440; abscesses, treatment of, 488*; water in, 545.
- Colic, uterine, 160.
- Collapse, algid, 247.
- Colleges, American medical, 327.
- Color, perception, theories of, 331.
- Coloring, new method, 79.
- Colotomy, 629; inguinal, 105.
- Comedones in children, 11.
- Commitments to lunatic asylums, 243.
- Communicability of phthisis, 357.
- Compensatory hypertrophy, 211.
- Complication of pleurisy, chorea as, 246.
- Compound fractures, treatment of, 228, 253.
- Conception; without intromission, 23; prevention of, 305.
- Concretions in the pancreas, 742.
- Concussion, brain, from, 568.
- Condy's fluid, suppressed lochia treated by, 417.
- Condyle, external, fracture of, 677.
- Congenital hernia, radical cure, 79.
- Conia in epilepsy, hydrobromate of, 136.
- Conjunctivitis in new-born, 77.
- Constipation, 189.
- Consumption, versus tuberculosis, 18; promises to cure, 635; communicability of, 727.
- Consumptives, resort for, 308.
- Contagion of cholera, 665.
- Contagiousness of diphtheria, 413.
- Contra-indications in medicines, 20.
- Contraction, Dupuytren's, of fingers, 69.
- Contributions of physicians, 3.
- Convulsif Tic, cured, 333; convulsions, 416.
- Copper, sulphate, large doses of, 189.
- Copulation, male, without emission, injure? 479.
- Cord? tie the, 359; umbilical, elastic ligature for, 515.
- Cornea, treatment in deep ulcers of, 465.*
- Corneal disease, 85.
- Corpuscles, blood, by malaria, changes in, 447.
- Corrosive sublimate a, 595; injections of, 52; how to prepare, 80.
- Cortical and bulbar epilepsy, differences between, 427.
- Cortico-cerebral epilepsy, 427.
- Cough; elenine for, 136; remarkable case, 463; whooping, treatment of, 477.
- Coryza, treatment of, 43.
- Coxalgia, double, with, 677.
- Cranial bones of fetus removed from rectum, 435.
- Cranio-tabes, phosphorus in, 246.
- Cremation, 731; legal views about, 16; progress of, 412.
- Crematorium, the Lancaster, 723, 731.
- Crematory, ancient, 111.
- Crooked noses, cure of, 467*.
- Crossing the legs, 803.
- Croton oil for tape-worm, 471.
- Croup; tracheotomy in, 94, 605, 613; treatment of, 565; calomel in, 106; membranous, 285; treatment of, 62; diphtheritic, 290; tracheotomy in, 180.
- Crushed ice, use of, 359.
- Culture, physical, in, 724.
- Curability of syphilitic arteritis, 728.
- Curious diet in Texas, 173.
- Cutaneous therapeutics, 402.
- Cutting the horns of cattle, 476.
- Cyst; ovarian-monocoular, 9; dermoid, 550; dangerous results of, 701.
- Cystic-leiomyoma uteri, 40; tumor of, 132; papillary adenoma of the neck, 678.
- Cystine, treatment of, 358.
- Cystitis, intractable, 709.
- Cysts of female urethra, 275.
- Dangers in canned goods, 570.
- Dead, removal of, 593.
- Deafness; effects of noises on, 65; in syphilitic tabes, 163.
- Death among the magnates, 33; proof of, 74; painless for animals, 190; from falling on pencil, 194; does it sting? 198; causes of, 351; from methylene, 663; sweating to, 745.
- Debauch, hydrocele, 713.
- Decoctum limoni, 568.
- Defective vision from, 568.

- Degenerated nerves, response of, 76.
 Dehydration of bodies, 696.
 Delirium tremens, 443.
 Delivery, fractures of arm result of, 547.
 Dementia paralytica, morbid histology of, 632.
 Deniere's disease, sulphate of copper, 189.
 Dental; plates, 304; caries in Normandy, 307; production of, 383.
 Dentist's revenge, 476.
 Detection of adulterations, 194.
 Destructive effects of alcohol, 337.
 Dermoid cyst, 550.
 Diabetes; neuralgia, 107; pepsin in, 192; acute, 268.
 Diabetic coma, 437.
 Diagnosis; mistake in, 32; significance of jaundice in, 64; of acute alcoholism, 184; of pregnancy, 249; too hasty, 335; wanted, 387; of pregnancy, its complications, 415; differential ophthalmic, 470*; of cancer of stomach, 477; and treatment given, 493; in acute disease, 603.
 Diagnostic value of hot urine, 728.
 Diaphragm; abnormality of, 137; persistent reflex spasm of, 267.
 Diaphragmatic strangulated hernia, 601.
 Diarrhoea; in children, 14, 437; irritative, formulae for, 16; simple remedy in, 188; or intestinal catarrh, 719; adipose, 745.
 Dictum of authority, 81.
 Diet; curious, 173, 277, 569; regulation of, 245; in angina pectoris, 734.
 Differential ophthalmic diagnosis, 470*.
 Digestive tract, potassium iodide in, 123.
 Digital dilatation of stomach, 39.
 Digitaline, action of, 130.
 Dilatation; forcible, 35; for fissure of anus, 51; rapid of, 521; rapid, treatment of, 518.
 Diphtheria, 50, 377; new remedy for, 21; ætiology of, 96; treatment of, 105, 487; calomel in, 106; water cure in, 107; treated by tracheotomy, 218; tracheotomy in, 94; contagiousness of, 413; emphysema of skin in, 415; calomel in, 728; and measles in New York, 730.
 Diphtheritic; croup, tracheotomy in, 180; croup, 290; nephritis, 333; angina, treatment of, 565.
 Disease; new, 18; corneal, 85; cardiac, and insanity, 52; Bright's of malarial origin, 103; treatment of, 433; dyspnoea in, 486, 599; of joint, actual cautery in, 126; tubercular, phosphorus in, 133; popular cures for, 138; pathognomonic signs of, 185; epidemic, introduction of, 271; joint, muscular wasting in, 349; collective investigation of, 355; hepatic, obscure, 438; skriljevo, so-called, 622; acute Bright's, 711; case of Thomsen's, 744.
 Diseases; of heart, caffeine in, 130; acute infectious, 378; of vermiform appendix, peritonitis resulting from, 416; chronic, treatment of, 509, 541; of animals, organisms with, 539; of heart, 566.
 Disinfecting; Toulon, 167; the sputa of phthisis, 474.
 Disinfection furnaces, 27.
 Dislocation; of scapula, 14; of vertebræ, 126; reducing, of hip, 182.
 Disorders, mental, paraldehyde in, 633.
 Displacement of radius, 665.
 Dissection, preservation of bodies for, 128.

 Migraine, treatment of, 567.
 Migration, strange, of needle, 665.
 Miliary tuberculosis, pathology, 250.
 Millefolium, achilles, in leucorrhœa, 44.
 Milk; diet, 215; *vs.* stimulants, 224; bacteria affecting, 539; transmission of bovine tuberculosis by, 745.
 Mitral stenosis and marriage, 384.
 Miryachit, 409.
 Miscarriage, urticaria cause of, 417.
 Missionary physician, 363.
 Mitral stenosis, and marriage 384.
 Modification of Syme's amputation, 22.
 Monolocular ovarian cyst, 9.
 Monstrosity, 212, 335, 440.
 Morbid histology of, 632.
 Morphia; solutions of, 100; subcutaneous injections of, 567; habit, treatment of, 623.
 Mucoid or puruloid engorgement of antrum, 424.
 Mud-baths, 652.
 Mullein leaves in phthisis, 662.
 Mummified fœtus, 474.
 Muriate; of cocaine in, 526, 528, 530, 579, 612, 693; ingluvin, 82.
 Muscles; response of, 76; reaction in infantile paralysis, 190.
 Muscular; hypertrophy of, 107; paralysis with, 121; wasting in joint disease, 349.
 Myoma, uterine appendages, 268.
 Myositis ossificans progressiva, 161.
 Myxœdema, pathology of, 654.
 Nævus, liquor arsenicalis in, 23.
 Nail; toe, ingrowing, 359, 492; treatment of, 725, 733.
 Narcotics, influence of, 78.
 Nasal; polypi, treatment of, 249; plugs, glycerine, in hay fever, 441; cavities, observations on painless surgery in, 674.
 Natural color of human hair, restoration of, 655.
 Nearsightedness, 647.
 Neck, cystic papillary adenoma of, 678.
 Necrosis; femur partly lost by, 108; trephining for, 245.
 Needle, strange migration of, 665.
 Needles, introduction and extraction of, 661.
 Negroes, why black? 364.
 Neonatorum; syphilis hemorrhagica, 630; ophthalmia, prevention of, 693.
 Nephritis; and varicella, 107; diphtheritic, 333; chronic, 358.
 Nerve; hypoglossal, 240; influence, 268; facial, stretching of, 333.
 Nerves, degenerated, 76; optic, atrophy of, 725.
 Nervous, reflex, phenomena, 14; breathing, 159; origin, siaorrhœa of, 164; suffering, remedy for, 487; headache, formula for, 634.
 Neuralgia, caused by exostosis, 77; in diabetes, 107; hyperosmic acid in, 247; treated by cold, 358; of tongue, 726.
 Neuralgic dysmenorrhœa, 193.
 Neurological society, objects and duties of, 374.
 Neurosis, treatment of, 650.
 New remedy for diphtheria, 21; born, conjunctivitis in, 77; cure for lupus, 191; method of covering bone denuded of, 334; of treatment in, 465*; cure of crooked noses by, 467*; of treating sprains, 558; local anæsthetic, 525, 528; fever, 555; antipyretic, kairin, 560; view of inebriety, 562; school of biology, 722.
 Night sweats, 414; mare, cause of, 467.
 Nitrite of amyl as, 51, 190; capsules, substitute for, 51; of silver, application of, 160; internal use of, 190; of pilocarpine, hypodermic injections of, 725.
 Nuisances, point in abating, 223.
 Numbness of hands, 191.
 Nutrient enemata, treated by, 484.
 Nutrition, views concerning, 478.
 Oakum, a surgical dressing, 565.

 Strumous ophthalmia, 470*; inflammation of, 677.
 Strychnia poisoning, antidote in, 725.
 Students, medical, good advice to, 137.
 Study at home, hours of, 419.
 Subacute Bright's disease, 712.
 Subcutaneous injections of iron, 76; of morphia, 567.
 Sublimate, corrosive, a, 595; how to prepare, 80; gauze, universal erythema after, 106.
 Submucous, of uterus in, 519.
 Subnitrate of bismuth, 22.
 Subscapular abscess, case of, 687.
 Subscriptions falling due, 725.
 Subsoil drainage by 139.
 Substantial and merited, testimonial, 468.
 Suicide; of a medical man, 222; in Germany, 408.
 Sulphate; of quinine, compatibility of, 135; of copper in, 189.
 Sulpho-carbol, new antiseptic, 663.
 Summer, diseases of, 404.
 Sunstroke and thermic fever, 488.
 Surgeons, responsibility of, 17.
 Surgery, painless, observations, 674.
 Surgical; dressing, 22; interference, plea for heroic, 41; practice, reindeer tendons in, 137; treatment of, 135, 717; cases, result in, 562; dressing, oakum a, 565; dressing, corrosive sublimate, 595; suspected abortion, 710; swallowing, pin, 569.
 Sweating to death, 745.
 Syme's amputation, modification of, 22.
 Symptomatic hemichorea, 21.
 Symptoms in diseases of children, 46.
 Syncope, chloroform, treated by, 77.
 Syphilis; incision of initial sclerosis in, 357; microbe of, 487; and cholera, 488; hemorrhagica neonatorum, 630.
 Syphilitic; ulcer, oedema glottidis from, 51; tabes, deafness in, 163; glossoplegia, 240; rupia, 675; arteries, curability of, 728.
 Syrupus acidi hydriodici, 109.
 Teniafuge, chloroform not a, 53.
 Tape-worm; rare human, 80; chloroform and croton oil for, 471; treatment of, 599.
 Teething, 140.
 Temperance of the Danes, 363.
 Temperature; low, in pneumonia, 220; high, effects of, 272; body, evening rise of, 480.
 Testicle, a third, 729.
 Testimonial, merited, a substantial and, 468.
 Testing for albumen, 219.
 Tests for albumen, 587.
 Tetanus; treated by ether spray, 662; traumatic, treated with, 686.
 Theories of color perception, 331.
 Therapeutic agent, paracentesis as, 728.
 Therapeutical remarks on, 371.
 Therapeutics; of horizontal position, 221; hydro-, at Saratoga, 223; research methods of, 274; cutaneous, 402; of continuous inhalation, 469; fetal, 620.
 Thermic fever, sunstroke, 488.
 Thomsen's disease, 744.
 Thoracentesis, peculiar effect of, 566.
 Throat, cut, specimens from, 565.
 Throats, children, penciling, 488.
 Thyroid; gland, spleen and, 102; extirpation of, 414; body, cystic tumor of, 132.
 Tie the cord? is it, 359.
 Tobacco; Indian, 25; amblyopia, 136; smoke, effects of, 661.
 Toe-nail, ingrowing, 411, 492, 725, 733.
 Tongue; black, 19; neuralgia of, 726.
 Tonsil, chancre of, 78.
 Tonsils, tubercle bacilli in, 105.
 Tooth; ache, cinnamon bark for, 80; paste, 333.
 Torsion of large arteries, 357.
 Town and country practice, 342.
 Tracheotomy, 94, 180, 612; laryngo-, 81; diphtheria treated by, 218.
 Tractor, the Perkins', 306.
 Trachelorrhaphy, hystero-, cases of, 551.
 Transmissibility of, 248.
 Transmission of cholera by rain, 166; of bovine tuberculosis by milk, 745.
 Traumatic; sciatica to, 94; acute, malignancy, 242, 321; tetanus treated with, 696.
 Treatment; of ulcer of stomach, 1; fracture of clavicle, 42; of coryza, 43; of epithelial cancer, 52; of pelvic rachialgia, 59; of inebriety, 61; of membranous croup, 62; of non-spasmodic wry-neck, 72; of chloroform syncope, 77; of fractures of skull, 98; of seborrhoea, 99; of diphtheria, 105, 218, 487; of scrofulous pyonephrosis, 124; of sea-sickness, 128; of otitis, 134; of acute pulmonary gangrene, 135; of stomachic dyspepsia, 162; of cholera, 163, 183, 193, 261, 322, 333, 358; ipecacuanha

- in, 211; infantum, 132; of cholera in Toulon, 465; of Asiatic cholera, 473*; of piles by injections, 174; electric, of strangulated hernia, 190; fracture of clavicle, 206; carbolic, 217; of pernicious intermittent fever, 245; of compound fractures of, 228, 253; of nasal polypi, 249; of acute inflammatory rheumatism, 295; of acute laryngeal catarrh, 301; of oxæna, 303; of internal hemorrhoids, 309; of acne rosacea in, 332; of gonorrhœa, 332, 633; of sick headache, 351; of albuminuria, 353; of neuralgia by, 358; of cystine in, 358; of burns, 359; of acute chronic urticaria, 361; of acute infectious diseases, 378; of flat-foot, 383; of apparently drowned, 384; of malaria, 387; of empyema, 410; of phthisical night-sweats, 414; of pleural effusions, 415; of wounds in children, 416; of puerperal fever by, 440; of Bright's disease, 433; of pulmonary affections, 442; of pelvic hæmatocele, 462; in deep ulcers of, 465*; of whooping-cough, 477; of acute vomiting in, 484; of anal fissure, 488; of cold abscesses, 488; and diagnosis given, 493; of chronic diseases, 509, 541; of dysmenorrhœa, 518; of malignant affections of, 524; of strangulated hemorrhoids, 531; of ruptured kidney, 532; of sprains, 558; of croup, 565; of migraine, 567; of inflammation by, 567; of gout, 567, 568; of chorea, 568; of catarrhal ophthalmia, 576; of lawn-tennis leg, 597; of burns and scalds, 598; of tape-worm, 599; of stricture, 619; of morphia habit, 623; of phthisis with arsenic, 629; of rhachitis, 631; of typhoid fever, 642; of neurosis of, 650; of lupus, 658; of retro-uterine hæmatocele, 660; of wounds, 660; of tetanus by, 662; of marsh fever by, 664; of gleet, 665; of extra-uterine pregnancy by electricity, 675, 677; of traumatic tetanus, 686; of puerperal septicæmia, 694, 729; of chronic indigestion, 702; of infantile paralysis, 717; of ingrowing toe-nail, 725, 733; of angina pectoris, 734.
- Tremens, delirium, 443.
- Trephining; of skull, 238; for necrosis, 248.
- Truth, let us have, 103.
- Tubal; pregnancy, arrest of, 431; case of, 441.
- Tubercle; bacilli in tonsils, 105; bacilli in, 331; bacillus of, 494.
- Tubercular; disease, phosphorus in, 133; phosphorus in, 567; glands, extirpation of, 385.
- Tuberculosis, 478; *versus* consumption, 18; bovine, transmissibility of, 248, 745; miliary, pathology, 250; heredity of, 487; and scrofula, relation between, 488; bacillus of, 591.
- Tumor; of brain, 119; cystic, of, 132; interstitial, fibro-cystic, 519; large, enveloping the heart, 533.
- Tumors; fibroid, 35; uterine, kidney disease caused by, 630.
- Typhoid; icteric, 564; fever, care of, 452; bacillus of, 493; treatment of, 642; large doses of quinine in, 692; from cattle, 698.
- Twin labor, 474.
- Ulcer; of stomach, treatment of, 1; gastric, 538; arsenic in, 133; chronic, calomel in, 634.
- Ulcers; deep, treatment in, 465*; of leg, dressing for, 597.
- Umbilical; fecal, fistula, 276; hemorrhage, 345; cord, elastic ligature for, 315, 635.
- Unilateral; swelling in, 124; atrophy, 692.
- Union of wounds, 359.
- Unnatural swelling of hysterical hemiplegia, 442.
- Uræmia, pathology of, 654.
- Uræmic amaurosis, 222.
- Urethra; ruptured, 97; female, cysts of, 275; internal urethrotomy for stricture of, 531; male, cancer of, 631; stricture of, 676.
- Urethral stricture, 52; ectasia, 464.
- Urethritis, bacterial, 250.
- Urethrotomy, internal, 52; for, 531.
- Urinary test papers, 83; paraplegia, 275.
- Urine; ferric chloride, reaction in, 23; in strangulated hernia, 23; retention of, 164; tubercle bacilli in, 331; treatment of cystine in, 358; albuminuria in, 383; incontinence of, 441; tests for albumen in, 587; hot, diagnostic value of, 728.
- Urticaria, treatment of, 361; cause of miscarriage, 417.
- Use of hydrochlorate of cocaine, 674.
- Uteri; os, during labor, 39; cystic, leiomyoma, 40; cervix, laceration of, 554; procidentia, 612.
- Uterine; myoma, 9; colic, 160; appendages for myoma, 268; reflexes, 312, 317, 340; hemorrhage, iron alum in, 471; alcoholic injections in, 663; polypus in, 520; canal, rapid dilatation of, 521; tumors, kidney disease caused by, 630; retro hæmatocele, 660; extra, pregnancy, 672, 675, 677.
- Uterus; chronic inversion, 175; after abortion, cleansing of, 220; intermittent contractions of, 415; cauliflower, cancer of, 517; submucous of, 519; parturient, rupture of, 557; double, 634.
- Vaccination with old lymph, 276; anti, experience, 306; value of, 437.
- Vaccine virus, preservation of, 73.
- Vagina, double, 634.
- Vaginæ, pruritus, 250.
- Vanderbilt and the cripple, 571.
- Varicella and nephritis, 107.
- Varioloid, 314.
- Vaso-motor epilepsy, 426.
- Venom, snake, lesions of, 376.
- Ventilation, sewer, 305.
- Ventricle, aneurism of left, 236.
- Veratrin in pruritus of women, 191.
- Veratrum, viride in, 247.
- Vermiform appendix; diseases of, 416; perforation of, 456.
- Vertebræ, dislocation of, 126.
- Vertigo of Menière's disease, sulphate of copper in, 189.
- Vesico-vaginal fistula with, 291.
- Veterinary College of University of Pennsylvania, 391.
- Virginica, hamamelis, therapeutical remarks on, 371.
- Virus; vaccine, preservation of, 73; of hydrophobia, 307.
- Viscera, treatment of neurosis of, 650.
- Vesical calculus, removal of, 599.
- Vision, defective, from, 568.
- Vivisection question, 130.
- Volvulus, laparotomy for, 137.
- Vomiting; of pregnancy, iodo in, 53; acute, in, 484.
- Valva, wound of, 330.
- Wasting, muscular, in, 349.

Water; cure in diphtheria, 107; supply, 195.

Weak ankle, treatment of, 383.

Weight, unusual, of fetus at, 131.

White clover, 492.

Whooping-cough; picrate of ammonia in, 53; treatment of, 477.

Wind-pipe, cockle-burr in, 478.

Wines, chemistry of, 185.

Winter hæmoglobinuria, 621.

Women; castration of, 359; veratria in pruritus of, 191; pregnant, when to bleed, 485; internes in Paris hospitals, 603.

Worm, tape. treatment for, 471.

Wound, gun-shot, 302; of vulva, homicide by, 330.

Wounds; union of, 359; in children, antipyretic treatment of, 416; pistol-shot, 476*; micrococci in relation to, 590; treatment of, 660.

Wry-neck, non spasmodic treatment of, 72.

Yellow fever, hot-beds of, 19.

Youth, alcoholism in childhood and, 356.
